Please read carefully these instructions. Configure your page in “letter size” (21.59 cm x 27.94 cm) with left, top and right margins of 3 cm and bottom margin of 2 cm. Font: Times New Roman. Title: 16 points, centered, bold. Authors: 12 points, centered, bold. Affiliation: 12 points, centered italics. Body text single-spaced, 12 points. The presenting author must be underlined. Leave one blank line after the affiliation of authors and start your abstract without writing the word “Abstract”. Abstracts must be written in English. Only a pdf version of the abstract must be submitted. It will be printed without any modifications. Maximum length: one page. One additional page including figures and short captions is allowed to help the referees decision but it will not be included in the abstract book. Note that these figures should not be cited in the abstract. References in the text should be written in square brackets [1] and must be listed after two blank lines at the end of the text of the abstract, not at the end of the page, use 10 points characters. The maximum length of the text in this page must not exceed 18 cm.

Abstracts should be submitted in Adobe pdf format using online tool on the conference website <http://nambe2015.cinvestav.mx/Abstract.aspx>. During the submission process, authors will be asked to (1) indicate preference for oral or poster presentation and (2) indicate if the submission is a student paper. The presenter (first author) must be a student at the time of submission to qualify as a student paper.
